INTRODUCTION

About Account Reconciliation Processing (ARP): Online Reporting Service

Welcome to City National Bank's Account Reconciliation Processing (ARP) Online Reports User Guide. This service provides you with the ability to receive your Full or Partial reconciliation reports electronically in a more efficient manner instead of receiving paper reports that must be physically delivered to your business. With our Online Reporting system, you can view, print, and download reconciliation reports right from your computer. You can also export a data file in CSV or XML format that can help you expedite the posting of your accounts payable.

About This User Guide

This User Guide contains the information you need to utilize this service to obtain your ARP reconciliation reports online, and will introduce you to the features and functions contained in the reporting package. Information on the reports definition, report output and other general ARP information can be found in the Account Reconciliation Product User Guide.

Important: General user administration functions including adding user, user maintenance (e.g. modifying user, deactivating user, locking/unlocking user), and service maintenance is executed from City National Online portal Administration section. Although some general functions are covered below, please refer to the System Administration User Guide to review those specific functionalities.

City National Online Portal: Browser and System Requirements

Prior to logging on to City National Online and accessing your Account Reconciliation reports, there are several important items that you need to know about the overall portal security. The security of our clients' assets and data is critical to City National Bank. City National has employed advanced security technology for the City National Online Portal. To learn more about minimum system requirements, supported browsers, and requirements about your portal passwords, please visit the City National Online Portal General Overview Quick Reference Guide.

General Reports Information

- Reconciliation reports are available online for 90 days.
- Reconcilements reports are available within five (5) business days of receipt of your final issue input (for Full ARP clients only).
- Do not use the Back or Forward buttons on your browser when using this service.
- Information on the report output and other general ARP information can be found in the separate Account Reconciliation Product User Guide.
